

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
1	<u>Bergen Swamp Preservation Society</u> The Bergen Swamp Preservation Society, a group of individuals interested in preserving a 2,000 acre, undrained wetland in upstate New York, as a unique habitat, were aided in their land acquisition efforts by three grants from the Foundation. One of these grants was made through the Nature Conservancy.	1955-1956
1	<u>Connecticut College</u> Grants toward the purchase and maintenance of Mamacoke Island in the Thames River.	1955
1	<u>The Nature Conservancy</u> Funding in support of the operating budget of the Nature Conservancy, an organization dedicated to the acquisition of wild land for scientific and educational purposes.	1956-1972
1	<u>State of Connecticut</u> Money was granted for the purchase of a 9-acre parcel of federal land on behalf of the State of Connecticut. This land lies immediately adjacent to the south boundary of the Arboretum land and was placed under the supervision of the Connecticut Arboretum by the State Board of Fisheries and Game.	1956
1	<u>The Nature Conservancy- North California Coast Range Preserves</u> Grants in support of the purchase of a 3,000 acre preserve located on the South Fork of the Eel river in Mendocino County, California.	1959-1967
1	<u>Glover, P.E. - Ecological Survey of the Mau-Mara Area of Masailand</u> Funding in support of a comprehensive ecological survey of a primitive area located in the Narok District of Kenya, on the Tanganyika border, north the the Serengeti Plains.	1960-1961

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
1	<u>Brenneman, Russell L</u> Grant in support of a study of a book entitled “Private approaches to the Preservation of Open Land. This book was intended as a reference to those interested in land preservation and conservation.	1961-1967
1	<u>The Children’s School of Science, Woods hole MA</u> Grant in support of a day school offering children within the Township of Falmouth the opportunity to become familiar with the biological and physical environment of the Woods Hole region.	1963
1	<u>Delaware Roadside Vegetation Management Project</u> In support of studies of the effects of herbicide application on roadside vegetation and investigations of ecologically – sound techniques for the management of vegetation on right-of ways.	1963-1965
1	<u>Farmington and Whitefield River Watershed Associations</u> These associations conducted investigations into the extent to which these watersheds had been contaminated by pesticide residues by examining pesticides in resident fish populations.	1963
1	<u>White, Marshall</u> Funding for a study of reproduction and annual turnover in the Texas white-tailed deer.	1964-1965
1	<u>The Mountain School</u> Support of a college-preparatory, boarding school in Viceroy, VT, dedicated to conservation education.	1967
1	<u>The Rachel Carson Trust for the Living Environment</u> Trust established for the purpose of promoting public interest in, and knowledge of, ecology and the environment.	1967, 1970
1	<u>Robbins, William</u> Funding for plant tissue culture research.	1967-1971

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
2	<u>Connecticut Conservation Association</u> The Foundation granted funds for the purchase of office equipment, to this Association, founded by the Board of the Pequot-sepos Wildlife Sanctuary in southeastern, CT.	1968
2	<u>Hunts Brook, Waterford and Montville CT</u> The dumping of fly-ash from the Montville Power Station contaminated Hunt's Brook a tributary of the Thames River. A number of surveys of the water quality of Hunts Brook watershed were conducted.	1968-1973
2	<u>Thames Science Center</u> Grant in support of new building fund.	1968-1971
2	<u>Vogelman, H.W.</u> Studies of the effect of forest vegetation on precipitation and ground water in Mexico.	1968
2	<u>Latin American Natural Area Programs (LANAP) of the Foresta Institue</u> Funding toward this non-profit agency committed to the preservation of natural areas in Latin America.	1969-1972
2	<u>Caldwell, Lynton Keith</u> Grant in support of the development of publication, " <i>In Defense of Earth: International Protection of the Biosphere</i> "	1970-1971
2	<u>Kellogg, Frazier</u> Study of community behavior of Cabin John Creek in Bethesda, Maryland, an area severely degraded by sewage disposal.	1970

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
2	<u>The Institute of Ecology (TIE)</u> TIE was founded in 1971 as an international organization committed to the support of ecological research, and the design and development of ecological research programs.	1971-1972
3	<u>Connecticut College</u> Grant in support of a long-range vegetation study in the Connecticut Arboretum.	1972
3	<u>Connecticut College</u> Grant in support of the development of a working environmental model for the campus, including: analysis of energy saving mechanical systems, expansion of paper recycling, and a windmill project	1973,1975
3	<u>Latin American Natural Area Programs (LANAP)</u> Support of an organization, based in Buenos Aries, Argentina, operating under the auspices of the Forest Institute for Ocean and Mountain Studies. LANA activities included assistance in the formation of conservancy organizations, and promotion of conservation legislation.	1973-1982
3	<u>Non-Governmental Organization (NGO) Liaison Committee for the Human Environment</u> In support of a program to collect and computerize information regarding non-governmental organizations concerned with the human environment and the United Nation's Environmental Program.	1973
3	<u>Pond Mountain Trust</u> Contributions were made toward the acquisition of an addition to the Pond Mountain Natural Area in Kent, CT.	1973-1975
3	<u>Brenneman, Russell L</u> Grants in support of a revised edition of the legal handbook entitled, " <i>Private Approaches to the Preservation of Open Land</i> ". published in 1967. The completed text entitled	1974-1984

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	<i>“Land Saving Action: a written symposium by 29 experts on private land conservation in the 1980s”</i> was published in 1984.	
3	<u>Caldwell, Lynton Keith</u> Funding to support research required to update the book <i>“In Defense of Earth”</i> . The final manuscript entitled <i>“International Environmental Policy: emergence and dimensions”</i> was published by Duke Univ. Press in 1984.	1974 -1984
3	<u>The Institute of Ecology</u> Grants were made in support of the first national meeting of the Assembly and operating expenses.	1974, 1976
3	<u>The Nature Conservancy</u> Grants in support of: research on the Northern California Coast Range Preserve (1975); a study of the potential effects of development on the Tannersville Bog in Monroe County, Pennsylvania (1977); funding toward land acquisition at the Burnham Brook Preserve (1979), toward the building fund of the Monteverde Cloud Forest Preserve field station in Costa Rica (1979), as a grant to the Ohio Chapter of the Nature Conservancy (1981).	1974-1981
3	<u>Putney School, Putney, VT</u> Funding for weather monitoring equipment to support studies of solar energy, wind patterns and temperature variations. The intent of this study was the development of an integrated energy system, using renewable resources to power the School.	1974
3	<u>Thames Science Center</u> Grants toward operating budget	1974-1982
3	<u>Vermont Natural Resources Council</u> Funding provided for publication of environmental leaflets to support the Vermont Natural Areas Project.	1974

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
4	<u>The Council on Economic Priorities</u> To support an economic study of coal-fired vs. nuclear power plants (1975). Also, to support studies into options for handling nuclear fuel (1981).	1975, 1981
4	<u>Kevan, Peter G</u> Grant towards monitoring the detrimental effects of pesticides on pollination systems in eastern Canada and adjacent Maine.	1975-1978
4	<u>Williams, Scott</u> In support of the production of a documentary film on socio-economic changes in the central Caroline Islands, Micronesia.	1975
4	<u>The Research Ranch, Elgin AZ</u> Funding towards the purchase of cabinets to house the research collections at TRR, an 8,000-acre natural laboratory in Southeastern Arizona.	1976
4	<u>Stanford University - Jasper Ridge Biological Preserve</u> Funding was provided to promote the preservation and academic use of the Jasper Ridge, Stanford's Biological Preserve.	1976
4	<u>American Indian Archeological Institute</u> Funding provided for research on an Indian campsite in eastern Connecticut.	1977
5	<u>Conservation Law Foundation of New England (CLF)</u> Grant in support of a review of federal water resources policy (Rivers and Trails Project). Project initiatives included: identifying deficiencies in water resource programs in the northeast, developing recommendations to correct those weaknesses, and using political skills to effect positive changes in policy.	1977-1982

The Foundation also provided support for the CLF's

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	<p>“Connecticut Critical Lands Project”, a statewide legal services program to improve the management and conservation of Connecticut critical lands, and to provide legal assistance to individuals, organizations and agencies involved in land-use in Connecticut.</p> <p>Funding was also provided in support of the “Connecticut Aquifer Protection Project”. Major objectives of this project included, preparation of a legal memorandum on the ability of municipalities to implement groundwater protection, and development of model ordinances to prohibit land uses that present, high risk to groundwater quality.</p> <p>A grant was also made to the Connecticut segment of CLF’s Energy Research and Advocacy Project. The goals of this project included the promotion of energy conservation, increased reliance on renewable fuels, and the maintenance of environmental standards consistent with the increased use of coal.</p>	
5	<p><u>Harvey, Annette and New York Botanical Garden</u> Grant in support of studies on the cultivation of fungi by leaf-cutting ants.</p>	1977
5	<p><u>WGBH Involvement Day</u> Funding toward a live public radio broadcast of the Cousteau Society’s “Involvement Day”, a conference addressing New England offshore environmental problems.</p>	1977
5	<p><u>Wilson, Alexander T.</u> Support of a study of world food production and distribution.</p>	1977
5	<p><u>American Land Forum (ALF)</u> The ALF is a nonprofit policy organization concerned with the conservation of productive land resources in the United States, particularly farmlands.</p>	1978

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
5	<u>American Rivers</u> Grant toward operating expenses for a non-profit organization established for education and research on free flowing rivers.	1978
5	<u>Meyers, Ronald L.</u> A PhD candidate in the Botany Department of the University of Florida, Ronald Meyers conducted research on the ecological dynamics of low diversity <i>Rapier</i> palm swamps in the humid lowlands of Costa Rica. .	1978
6	<u>Cordell Bank Expedition</u> For film and equipment for a scuba diving expedition to make exploratory observations and collect biological and geological specimens at Cordell Bank, a large seamount located 50 miles northwest of San Francisco.	1979
6	<u>Fund for Theater and Film, Inc.</u> Funding for the production of a documentary film portrait on Dr. Helen Caldicott, pediatrician and author of <i>Nuclear Madness: What You Can Do</i> . Funds were also granted for printing copies of the film.	1979, 1981
6	<u>Sanford, Carolyn</u> Funding was provided for an ecological field studies group for high schools students at the Heritage Christian School in Indiana.	1979
6	<u>Siccama, Thomas and Gilly E. Bard</u> Funding for an analysis of tree growth data compiled at the Hutcheson Memorial Forest, Rutgers University.	1979
6	<u>West Virginia Public Interest Law Report</u> Funding toward television ads by a coalition of environmental and citizen action groups concerned with the environmental aspects of surface (strip) mining.	1979
6	<u>Earth Day 80</u>	1980

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	Grant in support of the organization of Earth Day 80, a celebration of the tenth anniversary of the founding of Earth Day.	
6	<u>Fairbanks Environmental Center</u> Funding for the journal, <i>The Northern Line</i> published by this organization, dedicated to the protection of the Alaskan environment and lifestyle through education and action.	1980
6	<u>Windham Vermont Regional Planning and Development Commission</u> Grant in support of a study of the impact of the implementation of Act 250 in Windham County. Act 250 is environmental legislation created in 1970 to control development.	1980
6	<u>Hallo, Ralph</u> A student at New York University Law School, Mr. Hallo conducted a legal study of energy conservation strategies for New York City. The final report, entitled <i>From Construction to Conservation: Changing Directions in Utility Investment Strategies</i> , is included in the folder	1981
6	<u>James Ford Bell Museum of Natural History</u> Grant toward the restoration of a breeding population of peregrine falcons in Minnesota at the Nature Conservancy's Weaver Dunes natural area.	1981
6	<u>New England Solar Energy Association (SEA)</u> Headquartered in Brattleboro, VT, SEA was founded for the purpose of furthering the understanding and utilization of solar energy in New England. Funding was provided for operating expenses and publication of a brochure intended to meet the needs for general information on solar energy applications.	1981
6	<u>New England Wildflower Society</u> The foundation made a pledge of a grant toward a project	1981

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	intended to protect the flora of the Northeast by encouraging the commercial production of rare native plants, which are endangered by collection in the wild.	
6	<u>New Jersey Public Research Foundation</u> Grant towards the printing of a report on the U.S. Environmental Protection Agency's enforcement of the Clean Water Act in EPA region II, which includes New Jersey and New York	1981
6	<u>Organization for Tropical Studies</u> Contribution toward a fund drive to acquire a 1,500 acre addition to Finca La Selva a biological research station in the Atlantic lowlands of Costa Rica.	1981
7	<u>Powder River Energy Project</u> A grant was provided for a study of the impact of in-situ uranium mining techniques in Wyoming. This study addressed concerns that mining activities may contaminate aquifers with radioactive isotopes.	1981
7	<u>Vermont Environmental Board</u> Support for the preparation and publication of a document describing the background, workings and performance of Act 250, Vermont's land use and development law.	1981
7	<u>West Virginia Citizen Action Group</u> Funding toward an analysis of the economics of strip and deep mining for coal.	1981
7	<u>Hein, Michael</u> Grant towards the publication of studies of diatoms of Adak Island, Alaska.	1982
7	<u>Human Environment Center</u> Printing and dissemination of feasibility study of a national youth conservation corps.	1982

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
7	<u>The Nature Conservancy for Fundacion de Parques Nacionales, San Jose, Costa Rica.</u> Contribution to TNC's International Program, Costa Rica program.	1982
7	<u>Northern Alaska (Fairbanks) Environmental Center (FEC)</u> FEC is a conservation organization dedicated to the wise use of the natural resources and preservation of the environment in interior Alaska. Support was provided for the operating expenses and publication of the FEC's journal, "The Northern Line"	1982
7	<u>Rieiners, William A.</u> Funding for research into the biogeochemical cycles of a tropical agro ecosystem of the Montverde community of Costa Rica.	1982
7	<u>Yamagouchi, David K.</u> Support of an analysis of the long-term impacts of the Mount St. Helens eruptions on forest productivity. In particular, the rate at which Douglas fir forests could recolonize an area after destruction by an eruption.	1982-1983
7	<u>American Farmland Trust (AFT)</u> The AFT was formed in 1980 out of concern for the rapid depletion of the nation's agricultural resource base. The Foundation supported efforts to preserve farmlands in Pleasant Valley, VT.	1983-1984
7	<u>Hetzel, Nancy K</u> Grant in support of the completion of a book entitled "International Environmental Coordination: the Role of the United Nations"	1983
7	<u>Latin American Natural Area Programs (LANAP)</u> Grant towards the operating expenses of LANAP, an organization based in Buenos Aries, Argentina, operating under the auspices of the Forest Institute for Ocean and	1983-1988

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	Mountain Studies. Activities of LANAP include assistance in the formation of conservancy organizations and promotion of conservation legislation to foster the preservation of natural areas in Latin America	
8	<u>Monhok Trust</u> – Funding was provided to support the work 1983-1984 of a naturalist keeping climatic records and recording natural history observations on this 5,000 acre preserve in New York State.	
8	<u>The Mountain School</u> Mountain School is a coeducational, college-preparatory, boarding school located in Viceroy, VT dedicated to conservation education. Funding was provided in support of the preparation of a book on food production for schools and institutions, entitled <i>The New Organic Grower</i> , by Eliot Coleman.	1983
8	<u>The Nature Conservancy, Braulio Carrillo National Park, Costa Rica</u> Grants towards the acquisition of tropical forest to Braulio Carrillo National Park of Costa Rica. This area is known as “La Zona Protectora”.	1983-1985
8	<u>The Nature Conservancy, Rough (Schurman), Valerie</u> In support of a population survey of grey seals at Muskeget and surrounding areas (Nantucket Sound). In 1990, support was provided for “photo cataloguing” of breeding grey seal females at Monomoy National Wildlife Refuge. The Nature Conservancy provided matching funds.	1983, 1990
8	<u>Thames Science Center</u> Contributions in support of a construction/renovation project at the Center.	1983-1986
8	<u>American Land Resource Association</u> Grant in support of a program of network building and service to people working on land conservation at all levels.	1984-1986

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
8	<u>The Center on Consequences of Nuclear War</u> For distribution of copies of <i>The Cold and the Dark</i> , the proceedings of a 1983 conference on the long-term, worldwide, biological consequence of nuclear war.	1984
8	<u>Instituto de Biologia, Universiida National Autonoma:</u> <u>Drummond, Hugh</u> Grant in support of a study of the breeding biology of two species of booby on Isla Isabel, a Pacific Island off the coast of Mexico	1984
8	<u>Laderman, Amilee D</u> Funding toward the publication of the Proceedings of the 1984 Atlantic White Cedar Wetland Symposium held in Woodshole, MA in 1984, and a book entitled <i>Atlantic White Cedar and its Wetlands</i> . In 1991, support was provided for a Coastal Forests and Forested Wetlands Conference, held in New Haven.	1984,1986, 1991
9	<u>Smith, Martin E.</u> Grant in support of research into the development of a non-toxic grizzly bear repellent.	1984
9	<u>American Rivers Conservation Council</u> To support a State River Conservation Assistance Program in Connecticut.	1985
9	<u>Council on Economic Priorities</u> To support a study of hazardous waste management, including the hazards of shipping nuclear wastes, as well as on-site storage of nuclear wastes.	1985
9	<u>Menzies, Nick</u> Research on the History of Forestry in China.	1985
9	<u>University of Vermont, Sjogren, Robert and Anthony Rutkowski</u>	1985

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	To support development of a rapid method of assaying water quality by using <i>Streptococci</i> as indicators of water pollution.	
9	<u>Environmental Law Society, Stanford Law School</u> To support publication of a legal handbook on the Endangered Species Act, entitled: <i>The Endangered Species Act: A Guide to its Protections and Implementation.</i>	1986
9	<u>Hruska, Allen J.</u> Grant In support of a study on the biological control of the fall armyworm. (<i>Spodoptera frugiperda</i>) in Nicaragua.	1986
9	<u>International Council for Bird Preservation</u> Grant toward the rehabilitation of Round Island and in support of efforts to save the Mauritius Parakeet.	1986
9	<u>The Massachusetts Audubon Society</u> In support of Open Marsh Water Management, as an ecologically sound method of mosquito control on salt marshes.	1986
9	<u>The Nature Conservancy –</u> Grant in support of ecological burning programs in woodland systems of the southeast. In addition the Foundation made a contributions to TNC's acquisition of the Devil's Ridge and additional properties at the Burnham Brook Preserve.	1986-88
9	<u>Radioactive Waste Campaign</u> Support of efforts to develop alternative methods for the disposal of radioactive wastes and investigations into contamination from Department of Energy nuclear weapons production facilities.	1986-1987
9	<u>Trujillo-Arriaga, Javier</u> Grant in support of a University of California at Berkeley, graduate student's research on the ecology of insect	1986

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	communities in cornfields in Mexico.	
9	<u>VanPelt, Nicholas S.</u> Support of a publication on the conservation, applications, and implications of tree ring studies (dendrochronological resources). A reprint of the resultant article “ <i>Conservation and Stewardship of Tree-Ring Resources: Living Trees and Subfossil Wood</i> ”, from the Natural Areas Journal is included in the folder.	1986
9	<u>Wiedenhamer, Jeffery</u> Funding towards a study of the inhibitory properties of chemicals produced in an herb of the Florida scrub, <i>Polygonella myriophylla</i> . These chemicals serve to reduce competition by other plant species in the community.	1986
9	<u>American Littoral Society</u> In support of the preparation of a technical report on the impacts of offshore oil on Florida’s coral reefs.	1987
9	<u>Brady, Timothy</u> Grant in support of a study of the North American representatives of the genus <i>Picea</i> , the spruces.	1987
9	<u>Connecticut Citizen’s Research Group (CCRG)</u> Funding was provided to reproduce and distribute a guide to household recycling and waste separation.	1987, 1991
10	<u>DeSante, David F.</u> Funding for a study of the stability and dynamics of a Sierran subalpine breeding bird community.	1987, 1989
10	<u>The Nature Conservancy, International Program; FUNTURA</u> Support of Nature Conservancy activities in Brazil.	1987
10	<u>Kaffka, Stephen R.</u> Grant to the Sunny Valley Foundation in support of a book	1987

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	entitled <i>Sustaining the Smaller Dairy Farm in the Northeast</i> .	
10	<u>Peale, Martha V</u> To research and prepare an article on the importance of preserving the Arctic National Wildlife Refuge, an 18-million acre expanse of arctic and subarctic habitats.	1987
10	<u>Society for the Protection of New Hampshire Forests / New Hampshire Rivers Campaign</u> Support of a project to address the need to adopt a statewide protection strategy for New Hampshire's rivers.	1987
10	<u>Tyree, Melvin Y.</u> Grant in support of a feasibility study for developing a structure (Canopy Access System) that would provide access to the canopy of tropical forests for research purposes.	1987
10	<u>BIOMA</u> (the Venezuelan Foundation for the Conservation of Biological Diversity) - Support for the publication of a vegetation map of Venezuela.	1988, 1990
10	<u>Blue Ocean Preservation Society</u> Funding in support of an educational campaign on the environmental impacts of ocean strip-mining in Hawaiian waters	1988
10	<u>The Conservation Fund</u> In support of an organization charged with raising funding for conservation programs.	1988, 1990
10	<u>Devoe, Nora N.</u> Funding provided for a study of the effect of light exposure on the growth of five species of tropical trees. A Yale graduate student carried out this study on the Barrow Colorado Nature Monument in the Panama Canal Zone.	1988
10	<u>Monteverde Conservation League</u>	1988

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	Grant toward land acquisition at the Monteverde Cloud Forest Preserve in Costa Rica.	
10	<u>Pacific Institute</u> – Support of a study of “the links between environment, resources, and security, evaluating the causes of past conflicts over resources, identifying the vulnerabilities of resources to existing and future climatic conditions, and advancing methods for addressing resource-related disputes.”	1988
10	<u>Rocky Mountain Institute</u> Grant in support of work relating to global warming, specifically, the development of carbon supply curves, including the production of graphic presentations for use in Congressional testimony, articles and media releases.	1988
10	<u>University of Michigan, Endangered Species Update</u> Grants in support of special issues of “Endangered Species Update”, a publication of the University of Michigan, School of Natural Resources and Environment.	1988, 1991
11	<u>Winkler, Kevin</u> Grant in support of a study of stopover site habitat use by transient migratory birds in south Texas	1988-1990
11	<u>World Hunger Educational Service</u> To support the publication and distribution of “Hunger Notes”, a newsletter of the World Hunger Education Service.	1988
11	<u>Yassa, Sami</u> In support of a study of “Acid Deposition and Forest Nutrient Cycles: An Analysis of Changes in Soil Chemistry Over Time on Camels Hump Mountain in Northern Vermont”.	1988

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
11	<u>Cavanaugh, Joan</u> In support of an investigative article on the Terminal Effects Research Analysis Group (TERA), a facility in New Mexico with a license to work with low level radioactive material.	1989
11	<u>Hilz, Christoph</u> Grant in support of the completion of a book on toxic waste exports.	1989,1990
11	<u>Kirkpatrick, Jay F</u> Funding in support of a study of grizzly bear sex determination from fecal steroids. The purpose of this research was to provide a new methodology for gathering population data without subjecting the bears to the stresses of capture.	1989
11	<u>Lake Champlain Committee</u> Grant in support of the first year of the Lake Champlain Basin Project, an ecosystem-based approach to improving the environmental quality of Lake Champlain and it's basin.	1989
11	<u>Matson, Timothy D.</u> Support of a field study of <u>Necturas</u> (mudpuppy) in the Grand River, Ohio by a researcher at the Cleveland Museum of Natural History.	1989-1991
11	<u>Natural Areas Association</u> Grant in support of the Natural Areas Association, a national nonprofit organization involved in the identification, evaluation, protection, and management of natural areas.	1989
11	<u>Northern Rockies Conservation Cooperative</u> Grant in support of a project entitled "An Application of Database Technology to Ecosystem Management: Wolf Recovery in the Northern Continental Divide Ecosystem."	1989-1990
11	<u>Silberling, Louise</u> Grant in support of travel expenses to Brazil for a study of	1989

Conservation and Research Foundation

	the extractive reserves of the rubber tappers in the Amazon..	
11	<u>S.O.S. Mata Atlantica</u> Grant to support a membership campaign at S.O.S. Mata Alantica, the Brazilian Foundation for the Conservation of the Atlantic Forest.	1989
11	<u>Vega, Fernando</u> In support of studies into the natural enemies of the cornleaf hopper in México.	1989
12	<u>Committee for Scientific Cooperation with Vietnam</u> For the study of wading birds at the Mekong River Delta in Vietnam	1990
12	<u>Council on Economic Priorities</u> Funding towards the CEP's Corporate Environmental Data Clearing House, a project designed to collect data on the environmental performance of a specified corporate universe.	1990
12	<u>Janke, Robert A</u> Grant in support of a study of "Post-Fire Vegetation Monitoring of Two Recent Burns on Isle Royale National Park".	1990-1991
12	<u>Goldsteen, Joel</u> Grant to defray costs associated with the production of the book, " <i>Danger all around: waste storage crisis on the Texas and Louisiana gulf coast</i> ".	1990
12	<u>Krause, Mary Lou</u> Funding in support of a project to promote the use of solar box cookers in Pakistan (see also box 16).	1990
12	<u>RARE Center for Tropical Bird Conservation</u> Grant in support of the expansion of a conservation biology program in the Caribbean, designed to make people of the	1990, 1992

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	Caribbean Islands aware of their endangered national birds and the reasons why they are threatened (see also box 16)	
12	<u>Rogers, Christopher T.</u> Grant in support of a study by a Yale University School of Forestry and Environmental Sciences graduate student on the potential impacts of a proposed resort construction on a beach in the southwest coast of Puerto Rico.	1990
12	<u>Salafsky, Nick</u> Grant in support of research on sustainable land use systems in Borneo. A final report entitled “The Forest Garden Project (Proyek Kebun Hutan): An Ecological and Economic Study of a Locally Developed Agroforestry System in West Kalimantan, Indonesia” is included.	1990
12	<u>Thayer, Averill</u> In support of an Arctic National Wildlife Refuge information project, including a photographic record of proposed petroleum development sites and distribution of photo brochures.	1990
12	<u>The Yellowstone Conservancy</u> Grant in support of the Yellowstone Conservancy’s recycling program.	1990
12	<u>American Museum of Natural History</u> Grant in support of the Freshwater Turtle and Tortoise Conservation Plan program of the American Museum and the IUCN/Species Survival Commission. The publication: <i>Tortoises and Freshwater Turtles: An Action Plan for their Conservation</i> , is included in the folder.	1991
12	<u>Barbour, Russell</u> Funding in support of research into “Indigenous Agricultural Practices and Their Relationship to Conservation at the Beza Mahafaly Special Reserve in Madagascar”.	1991

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
12	<u>Clark, Tim W.</u> In support of work analyzing the U.S. Forest Service's conservation of biodiversity in the Yellowstone region.	1991
12	<u>Don't Waste New York Campaign</u> Funding in support of a campaign to avert a low level, radioactive waste facility in West Valley, New York.	1991
12	<u>High Desert Research Farm (HDRF)</u> Organizational support for the HDRF at Ghost Ranch in Abiquiu, New Mexico. The HDRF is dedicated to the needs of small farms and farmers. Their main focus is the conservation of agricultural diversity through seed keeping of low water use, drought tolerant, stable crops and hardy vegetables	1991
13	<u>James, Frances C</u> In support of a project to determine long-term trends in the populations of migratory landbirds. A report entitled "Population Trends in 65 Species of North American Birds" is included.	1991,1993
13	<u>Kellert, Stephen R.</u> In support of a study of "Basic Values and Perceptions Relating to the Conservation of Wildlife and Biological Diversity in Africa" by a professor with the Yale School of Forestry.	1991
13	<u>Klekowski, Edward J. Jr</u> In support of an assessment of genetic damage (mutation) in Caribbean mangroves caused by environmental stress.	1991, 1992
13	<u>Molinillo, Marcelo F. and Alejandro G. Farji Brener</u> In support of a study into the ecological and sociological impacts of cattle grazing in the high tropical mountains of Venezuela.	1991
13	<u>Provita</u>	1991

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	Funding toward the training of voluntary and contract members of Provita, a conservation organization in Venezuela.	
13	<u>Appalachian Ohio Public Interest Center</u> Organizational support for an environmental organization	1992
13	<u>Albert Schweitzer Institute for the Humanities</u> Support was provided for a symposium on the “Reverence for Life: Ethical Solutions to Environmental Problems.”	1992
13	<u>Association of Volunteers for Service in Protected Areas, Costa Rica</u> Organizational support for a non-profit organization dedicated to the recruiting, selection, and training of volunteers for service in conservation areas in Costa Rica. .	1992
13	<u>Chenery, Gordon</u> Grant for a study of the DNA of <i>Castanea</i> , the chestnut.	1992
13	<u>Environmental Flying Service; Sandra Lanham</u> Support of a small plane transportation service to remote areas in portions of northern Mexico (including the islands and shores of the Sea of Cortez) for the purpose of environmental research.	1992, 1993
13	<u>Grassroots Coalition for Environmental and Economic Justice</u> Grant in support of an organization formed to motivate a large number of church members to become involved in the environmental movement. It fulfills this goal by contacting churches of all denominations in order to educate them about environmental problems and encourage them to make appropriate lifestyle changes to restore the environment.	1992, 1993
13	<u>Griffin, Jeffery</u> Grant in support of a survey of large mammal distribution and abundance, and human land-use patterns in the Uvs	1992

Conservation and Research Foundation

Box	Grant Recipient and Summary	Dates
	Nurr Basin, Mongolia. The purpose of this study is to incorporate the principles of conservation biology into the formulation of reserve design recommendations.	
13	<u>Kaapcke, Gretchen</u> Grant in support of a study of solar energy alternatives in Indian Ecuador. In addition to the use of solar box cookers, the appropriateness of other solar technologies, especially heating alternatives, was investigated.	1992
14	<u>Organization for Tropical Studies (OTS); Las Cruces –</u> Grant in support of the acquisition of 100 hectares of primary forest in Costa Rica. (see also box 6 and 16)	1992
14	<u>Populations Communications Internationa</u> Grant in support of a mass media communications program to promote population control in developing countries.	1992
14	<u>Rainbow Warriors International</u> Funding in support of a student environmental organization designed to serve high school and college level students.	1992, 1993
14	<u>Rivers Alliance</u> Grant in support of the formation of the Rivers Alliance, a coalition of river and watershed groups in Connecticut.	1992
14	<u>Vermont Fish and Wildlife Department</u> In support of a study of “Restoration of Pine-Oak Heath Sandplain Forest at Camp Johnson, Colchester, VT. Sandplain communities in Vermont are confined to the sandy soils deposited along the major rivers that drain into Lake Champlain).	1992
14	<u>Whitehead, Donald R.</u> Grant in support of a study of breeding populations of the Acadian flycatcher in forest tracts in south-central Indiana.	1992

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	New Section – Files in boxes 15, 16 and 17 are arranged alphabetically	
15	<u>Carrying Capacity Network (CCN)</u> Grant in support of CCN’s Information Clearinghouse program. CCN is a nonprofit, national network concentrating on carrying capacity issues in the U.S.	1993
15	<u>Clean Water Action Council</u> Grant to support the efforts of this organization to challenge a proposal by GranTech of Greenbay, WI to dry and sell contaminated waste sludge as fertilizer and pesticides.	1993
15	<u>The Conservation Fund</u> The CRF made several small grants in support of the land and conservation programs of the Conservation Fund. Larger grants were made in support of acquisition and protection of 133,000 acres of forestlands in the Northeast Kingdom, and the hiring of an intern for the North Connecticut River Valley Conservation Project in 2001.	1993-2002
15	<u>Environmental Flying Service</u> Support of a small plane transportation service that provides inexpensive transport to remote areas in portions of northern Mexico (including the islands and shores of the Sea of Cortez) for the purposes of environmental research (see also box 13).	1993, 1994
15	<u>Gonzales, Patrick</u> Grant in support of doctoral research on the loss of biodiversity in the West African Sahel and its impact on human carrying capacity. A dissertation entitled, “Dynamics of Biodiversity and Human Carrying Capacity in the Senegal Sahel”, is also available.	1993
16	<u>International Society for Ecology and Culture</u> Grant in support of <i>the Golden Harvest</i> a film series on sustainable agriculture worldwide.	1993

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
16	<u>James, Frances C.</u> Grant in support of a study of new methods of analyzing breeding bird survey data and applying them to an analysis of population trend data for 26 species of warblers (see also box 13)	1993
16	<u>Krause, Mary Lou</u> Continued support of solar cooker technology. The goal of this project is to reduce the dependence on Malawi's forest for fuel (see also box 12 and Solar Cooker reports from Malawi and Afghanistan).	1993
17	<u>Nature Conservancy</u> Grants in support of: the publication of a book entitled, "Wetland, Woodland, Wildland: A Guide to the Natural Communities of Vermont; "Land acquisition for the protected zone La Cangeja in Puriscal, Costa Rica; and land acquisition at the Chauncey Hand Tract addition to the Burnham Brook preserve.	1993-1997
16	<u>Pendleton, Linwood</u> Grant in support of doctoral research on the economic value of environmental protection in the Bay Islands of Honduras	1993
16	<u>Population Communications International</u> Funding in support of mass media communications campaign to promote family planning and enhance the status of women in developing countries	1993-2000
16	<u>Siver, Peter A.</u> Grant in support of a project to estimate changes in the biodiversity of microscopic algal communities, specifically, chrysophytes.	1993
17	<u>Stanford University School of Medicine</u> Grant in support of the Seventh Annual Stanford Health Policy Forum on "Population Growth and Environmental	1993

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	Change”.	
17	<u>University of Wisconsin (Weber, Daniel)</u> Grant in support of the construction of an artificial stream for study of the behavioral effects of contaminants on aquatic organisms.	1993
15	<u>Cedarena</u> Grant in support of a Community Planning Project for the management of coastal resources in Agujitas on Costa Rica’s Osa Peninsula.	1994
15	<u>Center for Resourceful Building Technology</u> Funding in support of an organization dedicated to educating the public on a variety of issues relating to housing and the environment	1994
15	<u>Fitzgerald, Kathleen H.</u> Grant in support of a University of Vermont graduate student conducting a study entitled, “The Range and Feeding Ecology of the Eastern Timber Wolf, <i>Canis lupus lycaon</i> , in the Algonquin Provincial Park Region, Ontario	1994
15	<u>Foundacion TUVVA</u> Grant in support of the “Osa Fallen Timber Extractive Reserve (OFTER) Project”. The goal of this project is to demonstrate that an ecologically sustainable economic activity is possible within the tropical rain forests of southwestern Costa Rica.	1994
16	<u>Human, Kathleen G.</u> Grant in support of a Stanford graduate student researching the behavioral ecology of the Argentine ant.	1994
16	<u>Leopold, A, Carl</u> Grant to the Boyce Thompson Institute for Plant Research in support of research on rainforest tree seeds. Dr. Leopold is the son of Aldo Leopold.	1994

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
16	<u>Nordstrom, Lisa</u> Grant in support of a Masters thesis project, studying the role of natural wildlife corridors in fragmented forest landscapes. Thesis is included with folder.	1994
16	<u>RARE Center for Tropical Conservation</u> Grant in support of family planning initiatives (see also box 12). RARE Center's Family Planning Initiative Summary Report also available. (see also box 12)	1994, 1995
16	<u>Spitzer, Michael</u> Grant in support of a study of the "Migration and Winter Ecology of Common Loons and Other Fish-Divers in the Southeastern U.S. See also: Loan, Spitzer, in administrative files.	1994
17	<u>University of California, Santa Barbara</u> Grant in support of a project to relate water chemistry to otolith (ear bone) chemistry in fishes. This would enable identification of nursery areas occupied by matching the chemical signature of otoliths with the signatures of wetland nurseries.	1994
15	<u>Alaska Conservation Foundation</u> Grant in support of an organization that provides technical and financial aid to individuals and groups involved with the protection of the natural resources of Alaska.	1995
15	<u>American Peoples Information on Environment (American PIE)</u> Institutional support for a Connecticut-based operation that provides environmental information through a 1-800 line, quarterly newsletters, and other outreach programs.	1995-2000
15	<u>Ancient Forests International</u> Grant in support of the preservation of the Los Cedros Biological Reserve in northwestern Ecuador.	1995

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
15	<u>Atmospheric Alliance</u> Grant in support of efforts to educate the public about the problem of global air pollution, particularly global warming and ozone depletion.	1995-1997
16	<u>Heintz, Job C.</u> Grant in support of conservation efforts in Nepal, specifically research on “the applicability of U.S. environmental law and policy as a framework of lessons and ideas to foster the growing public interest legal movement in Katmandu”.	1995
16	<u>McGuire, Michael</u> Funding for research into biological control of white fly, a major insect pest on vegetative crops in the Caribbean Island of Dominica.	1995
16	<u>Perkins, Timothy D.</u> Grant in support of an ecological investigation of long-term changes in forest productivity and survival on Camels Hump Mountain, in Huntington, VT	1995
16	<u>River Watch Network</u> Funding to complete a manual entitled, “ <i>River Watch Network Benthic Macroinvertebrate Monitoring Manual</i> ”. This manual is intended to enable volunteer groups to monitor benthic macroinvertebrates in rivers as indicators of the biological integrity and pollution impacts on rivers.	1995
17	<u>Rocky Mountain Institute</u> Grants in support of an independent, nonprofit resource policy center. The stated mission of the Rocky Mountain Institute is “to foster the efficient and sustainable use of resources as a path to global security.”	1995, 1998, 2000, 2002
17	<u>Sun Day</u> Grant in support of the Sun Day Campaign for a Sustainable Energy Future. The primary mission of this organization is	1995

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
	to encourage and promote activities in support of renewable energy and improved energy efficiency	
17	<u>Wetlands Conservation Project</u> Grant in support of the Wetlands Conservation Project to protect the marshes outside Saiwa Swamp National Park, in Kipsaina Kenya.	1995
15	<u>Blue Mountains Biodiversity Project</u> Funding in support of an Oregon-based organization addressing the problem of Forest Service mismanagement, with specific focus on the Umatilla and Malheur National Forests. Objectives include: heightening awareness of the imperiled Blue Mountain ecosystem, ensuring protection and re-introduction of native wildlife species, and promoting ecologically sound restoration programs	1996, 1997
15	<u>EarthTrust</u> Grant in support of a program to further the protection of the world's whale populations. This initiative is aimed at policing the illegal trade of whale meat in Japan and other nations through DNA analysis	1996
15	<u>Franklin Land Trust</u> A seed grant was provided to The Franklin Land Trust, a non-profit organization based in Virginia, dedicated to the conservation of local farmland, open space, and rural character.	1996
16	<u>Hughes, Jeffery</u> Grant in support of the production of a "Handbook for Conservationists and Field Scientists". The intent of this book is to improve the effectiveness of conservationists working for non-profit environmental groups.	1996, 1997
16	<u>Institute for Conservation Leadership</u> Support for a nonprofit organization working to empower local communities to preserve and enhance agricultural, natural, and economic resources.	1996

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

Box	Grant Recipient and Summary	Dates
16	<u>Morrison, Shannon L.</u> Grant in support of graduate student at the University of Vermont for a study of the effects of soil moisture and competition on invasion by <u>Phalaris arundinacea</u> (Reed canarygrass). A thesis is also available.	1996
17	<u>Rivers Alliance</u> Grant to be applied toward hiring a development director for the Rivers Alliance of Connecticut.	1996
17	<u>Save Ward Valley</u> Grant in support of a coalition of Native American environmental activists and anti-nuclear groups working in opposition to a radioactive waste facility proposed for a desert area in southern California. Ward Valley is considered sacred land, and also supports a threatened desert tortoise.	1996-1998
17	<u>Science Center of Eastern Connecticut</u> Donation in support of the annual appeal campaign of the Science Center	1996
17	<u>University of Vermont</u> Grant in support of a natural resource survey of the Marsh-Billings Historic Park in Woodstock, by the Botany Department of the University of Vermont.	1996
17	<u>Woodcock, Hilary</u> Grant in support of an investigation of ozone damage to black cherry trees in forest stands in Massachusetts. Researchers at the University of Massachusetts conducted this study.	1996
15	<u>Amazonian Peoples Resources Initiative</u> Funding in support of an integrated population and environment program in 58 indigenous communities in the Peruvian Amazon. This program involves the training and	1997, 2000

	support of 200 women to be community health workers. In 2000, a contribution was made to the KU Museum of Anthropology designated for the Amazonian Peoples Resources Initiative.	
15	<u>Amigos Bravos</u> Grant in support of a program to protect and restore the upper Rio Grande watershed. Funds were used to develop an oral history project on the Rio Grande.	1997, 1998
15	<u>Association of Vermont Conservation Commissions</u> Grant in support of the production of the “Vermont Conservation Commission Handbook”.	1997
15	<u>Burke, Russell</u> Grant in support of a researcher from Hofstra University studying three endangered, North American turtle species. Funding from CRF was used to purchase a high quality global positioning system (GPS), which made it possible to get precise location data for the turtles.	1997
15	<u>Ellis, Donna R.</u> Grant in support of a study on the biological control of purple loosestrife (<i>Lythrum salicaria</i>) conducted at the University of Connecticut.	1997, 1998
15	<u>Environmental Health Center</u> The Environmental Health Center is a division of The National Safety Council. Funding was provided for “The Russian Environmental Journalism Education Program.”	1997
16	<u>Pronatura</u> Grant in support of a proposal entitled “Diagnostic Research for the Conservation and Sustainable Use of the Tropical Rain Forest Resources in the Community “Fjido Agustin Melgar” in Uxpanapa, Veracruz, Mexico	1997
17	<u>Rooney, Thomas P.</u>	1997

Conservation and Research Foundation

	Support of research on the impacts of white-tailed deer on Trillium in northern Wisconsin.	
17	<u>Taylor, Daniel</u> Funding in support of research on the role of the fruit bat (<i>Eidolon helvum</i>) in the seed dispersal and germination of the threatened hardwood (<i>Milicia excelsa</i>).	1997
17	<u>Vermont Population Alliance</u> Grant in support of a survey and fact sheets project by the Vermont Population/ Environment Alliance. This group was formed to promote a better understanding of how population growth and resource consumption affect the environment and the quality of our lives.	1997
15	<u>Acosta, Charles</u> Grant in support of a researcher in Belize studying “Transfer Rates of Mobile Target Species from a Marine Reserve: Implications for Reserve Design and Function”.	1998
15	<u>BioDiversity Institute</u> Funding was used to acquire a computer and scanner for specimen scanning. Scanned images are used to develop identification aids.	1998
15	<u>Development Center for Appropriate Technology</u> Grant in support of a project to create a sustainable context for building codes in order to address the institutional and technical barriers to sustainable and restorative development and construction	1998
15	<u>Earthways Foundation</u> Grant to support of the “Touch the Jungle, Wildlife Reserve” in Ecuador to protect small cats such as ocelot and margay.	1998
15	<u>Fundacion Ecologica Tercer Mundo</u> Grant in support of a natural resource extension program in	1998

Conservation and Research Foundation

	Ecuador. Using funds provided by the CRF, a natural resource technician was hired to promote the stewardship of protected areas in northwestern Ecuador through agroforestry and environmental education programs.	
16	<u>Hamilton, Healy</u> Grant in support of research on the “Systematics, Distribution, and Abundance of the Amazon River Dolphin in Bolivia”.	1998
16	<u>Nature Conservancy – Vermont</u> Grant in support of a nonvascular plant inventory project in Vermont. The final report entitled: “A Preliminary Bryophyte and Lichen Inventory of two Vermont Natural Areas” is included in the folder. A grant was also made in support of an experimental program for sea lamprey control in the Poultney River.	1998
16	<u>Organization for Tropical Studies (OTS)</u> Grant in support of the purchase of land contiguous to the Las Cruces preserve in Costa Rica, as well as reforestation efforts on this preserve (see also box 6 and 13).	1998
16	<u>Perez-Salicrup, Diego R.</u> Funding in support of a project to study land-cover and land-use change in the Yucatan.	1998
16	<u>Population Media Center</u> Grants in support of an organization with the mission of working worldwide to enlist the broadcast media to education people about the benefits of family planning.	1998-2002
16	<u>Retamosa, Monica</u> Grant in support of a study of habitat requirements of the bare-necked umbrellabird (<i>Cephalopterus glabricollis</i>) in Costa Rica.	1998
17	<u>Silberling, Louise</u>	1998

Conservation and Research Foundation

Box	Grant Recipient and Summary	Dates
	Grant to aid in the preparation and publishing of a report on "Extractive Reserves in Brazilian Amazon".	
17	<u>Vermont Institute of Natural Science</u> Grant in support of a study of the impacts of ski area development on Vermont's montane forest bird community. The CRF also provided support for the Institute's "Investigation of Apparent Sexual Habitat Segregation of Bicknell's Thrush in Winter".	1998, 1999
17	<u>Wrangell Mountains Center</u> Grant in support of the winter salary of the Director of the Wrangell Mountains Center. The Center is a private, nonprofit institute dedicated to environmental education, research, and arts in Alaska's Wrangell-St Elias National Park and Preserve	1998
17	<u>Wildland Preservation Trust International</u> Grant in support of a course on "Biodiversity Conservation Principles and Project Management". This course was given on the Isle of Pines, Cuba.	1998
17	<u>Young, Susan M.</u> Support of a research project entitled, "Relationship of Substrate Grain Size to Surface-Active Arthropod Communities on Alluvial Deposits". The researcher is a Master's candidate at the University of Vermont.	1998
15	<u>Ecotourism Society</u> Grant to support the publication of a new edition of <i>Ecolodge Guidelines</i> . These guidelines are intended to ensure that ecotourism lodging meets the highest possible international standards. <i>International Ecolodge Guidelines</i> (2002), is included with the folder/	1999
15	<u>Esselman, Peter C.</u> Grant in support of the "The Monkey River Baseline Study: Basic and Applied Research for Monitoring and Assessment	1999

Conservation and Research Foundation

	in Southern Belize.” A researcher with the University of Georgia conducted this study	
15	<u>Gorresen, Paulo M.</u> Funding towards a research project on “Bat faunal relationships to landscape complexity in the Atlantic Forest of eastern Paraguay”.	1999
16	<u>Grand Canyon Trust</u> Grant in support of data analysis from a road inventory project in the San Francisco Peaks in northern Arizona. Information obtained through this project will be used to support recommendations to the U.S. Forest Service about road closures and roadside restoration. A subsequent grant was used to fund GIS analysis and publication of findings. Request for a grant in support of a community conservation volunteer program.	1999, 2000, 2002
17	<u>Vermont Natural Resources Council</u> Grant in support of efforts to restore the lower Lamoille River in Burlington VT through changes in dam operation and possibly dam removal.	1999
15	<u>Fitzgerald, Kathleen H.</u> Grant in support of thesis research on the range and feeding ecology of the Gray Wolf, <i>Canis lupus</i> , in the Algonquin Provincial Park Region, Ontario.	1999
16	<u>Lahera, Julio</u> Request for support of an analysis of communities of <i>Pteridophyta</i> (ferns and related plants) in Cuba. Grant never activated.	1999
16	<u>Lizzaralde, Manuel</u> Funds in support of travel expenses for a Connecticut College botany student (Keith Bowman), for participation in a project with Dr. Lizzaralde, a CC professor of botany, to study the ethnobotany of the Bari in Venezuela.	1999

Conservation and Research Foundation

17	<u>Taylor, Daniel</u> Funding in support of research on the role of the fruit bat (<i>Eidolon helvum</i>) in the seed dispersal and germination of the threatened hardwood (<i>Milicia excelsa</i>).	1997
17	<u>Virtual Voyages, Inc.</u> The CRF provided operating funds for this program that creates educational voyages onboard the sloop, <i>Easy Wind</i> . This organization strives to develop an understanding and interest in marine sciences and maritime history by placing students and teachers in contact with the natural world.	1999
15	<u>Axuni Ecotourism, A.C.</u> Grant in support of a sea turtle protection program along the Pacific coast of Mexico.	2000
15	<u>Bingham, Mike</u> Grant in support of an investigation into the causes of penguin decline around the Falkland Islands, especially the link between penguin decline and commercial fishing.	2000
15	<u>Birds of Vermont</u> Grant in support of the Bird's of Vermont Museum's educational programs	2000
15	<u>Connecticut State Museum of Natural History</u> Support for the "Bioblitz" in Hubbard Park in Meriden. The primary activity at this function is to count as many species of plants and animals as possible in a 24-hour period, in an urban environment.	2000
15	<u>Edmunds, Peter J.</u> Grant in support of a project to study "Changing Climate, Coral Populations, and Declining Coral Reefs". Dr. Edmunds is an Associate Professor at California State University.	2000

Conservation and Research Foundation
Key to Arrangement/ Grant Information – Boxes 1 to 17

15	<u>Fondo Ambiental Nacional</u> Grant in support of efforts to preserve and strengthen the National System of National Parks in Ecuador.	2000
16	<u>Jocotoco Foundation</u> Grant in support of land protection efforts in Ecuador. The goal of the Jocotoco Foundation is to protect land of critical importance to Ecuador’s avifauna.	2000
16	<u>Massachusetts Audubon Society</u> Grant in support of a project entitled, “An Ecosystem Approach to the Conservation and Management of Endangered Coastal and Saltmarsh Habitats in Massachusetts”.	2000
16	<u>Ponce Campos, Paulino</u> Grant in support of a study of the effects of environmental influences on reproductive ecology of the endangered, American crocodile (<i>Crocodylus acutus</i> Cuvier)”	2000
17	<u>Rincon Forest Project</u> Grant in support of Rincon Rainforest land purchase in Guanacaste, Costa Rica.	2000, 2001
17	<u>Tollefson, Jenny</u> Grant in support of a position as a Project Ecologist with the New Hampshire chapter of the Nature Conservancy. A small grant was also made in support of a project to study fire regimes in the Blue River Watershed, Oregon.	2000, 2001
17	<u>Zuckerberg, Benjamin</u> Grant in support of a study of the effect of habitat restoration on shrubland and grassland birds of Nantucket. The researcher is a Master’s student at the University of Massachusetts.	2000
15	<u>Alternatives to Growth Oregon</u> Grant in support of the “Living With Limits”, a population	2001

	and consumption education program for Oregon high school students.	
15	<u>Anderson, Todd A.</u> Grant in support of research on pesticide residues in elementary school yards along the Texas-Mexico border.	2001
15	<u>Fairbanks Museum and Planetarium</u> Grant to support, “Teaching Tools for Sustainable Forestry”, a classroom and field study of sustainable forestry for teachers in the four-state Northern Forest Region. The Fairbanks museum is located in St. Johnsbury, VT.	2001
15	<u>Gavin, Michael</u> Grant in support of doctoral dissertation research on “Forest Valuation and Plant Diversity in the Northern Peruvian Amazon.” This project involves forest inventory, satellite photo analysis and ethnobotanical survey.	2001
16	<u>Hecht, Marijke</u> Grant in support of a student at the University of Vermont for her Master’s project, “Natural community assessment and recommendations for ecological core areas on the Glebe Mountain Matrix Block”.	2001
16	<u>Liveoak Editions</u> Grant in support of the publication of a series of books on the Sacred Lands the of Indian.	2001
16	<u>Northern Woodlands</u> Support for an educational program entitled, <i>Northern Woodlands</i> goes to school (NWGTS). This program of <i>Northern Woodlands</i> magazine was designed to strengthen middle and high school student’s connection to the Northern Forest and concepts of environmental stewardship.	2001
17	<u>White, Elizabeth B.</u> Grant in support of a Master’s thesis project to create a	2001
